To whom it may concern:

It is with great confidence that I put forward this recommendation of Jensen Builders. I had the pleasure of working with Dale Jensen and his team on the new construction of our third franchised quick service restaurant. The restaurant was completed on time, on budget, and the workmanship was outstanding.

What you can expect from Jensen Builders is a streamlined, honest process built upon open communication which dramatically simplifies the construction process. The project manager did an excellent job coordinating the project while steadfastly adhering to schedules. Their commitment to quality work is obvious throughout the building process and in the final product.

Not only am I impressed with the quality of people and workmanship Jensen Builders provides, representatives from the franchise's corporate office continue to be amazed at the quality and timeliness of their work.

I'm excited and confident in my recommendation of Jensen Builders. I highly recommend them for any of your construction needs. Please feel free to contact me.

Sincerely,
